FORWARD-LOOKING STATEMENTS

This presentation contains a number of forward-looking statements. Words, and variations of words, such as “will,” “expect,” “may,” “plan,” “believe,” “intend,” “anticipate,” “potential,” “opportunity,” “position,” “aim,” “commitment,” “target,” “outlook” and similar expressions are intended to identify our forward-looking statements, including, but not limited to, statements about: the impact on our business of the war in Ukraine, including the impact on matters such as costs, markets, the global economic environment, availability of commodities, demand, supplying our Ukraine business’s customers and consumers; impairments, continuation of and our ability to control our operating activities and businesses in Russia and Ukraine, and our operating results including revenue and earnings per share; the impact of the COVID-19 pandemic on us; our strategic priorities and growth strategy, including acceleration and portfolio evolution; our evolution as a company, our leadership positions and our future potential; our tax rate; our strategy to accelerate consumer-centric drive operational excellence, create a winning growth culture and scale sustainable snacking; the global operating environment and volatility in global consumer, commodity, transportation and labor markets; price volatility, inflation, pricing actions and elasticity; volume growth; the cost environment, including higher operating, commodity, transportation, energy, labor and other costs, factors affecting costs and measures we are taking to address increased costs; supply chain, transportation and labor disruptions; consumer behavior, mobility and consumption and demand trends; our business and opportunities in developed and emerging markets; market share; brand, channel and category expansion and growth, including digital commerce; revenue growth management; supply chain optimization, productivity initiatives and service levels; the global economic and operating environment; innovation; marketing effectiveness and our brand investment strategy; our investments and the results and potential of those investments, including our investments in JDE Peet’s and KDP; productivity initiatives; portfolio reshaping; strategic transactions, including our planned acquisition of Ricolino, our planned divestitures of our development markets gum and our Hohl business; and our other plans for non-core businesses; our goal of net zero greenhouse gas emissions; our efforts to build a more sustainable snacking company; our other environmental, social and governance strategies, goals, targets and initiatives; dividends; share repurchases; capital expenditures; capital allocation; value creation for shareholders; our long-term growth algorithm; and our outlook, including Organic Net Revenue growth, Adjusted EPS growth, Adjusted Interest Expense, Adjusted Effective Tax Rate and Free Cash Flow for full-year 2022. These forward-looking statements involve risks and uncertainties, many of which are beyond our control, and many of these risks and uncertainties are currently amplified by and may continue to be amplified by the COVID-19 pandemic, including the spread of new variants of COVID-19 such as Omicron. Important factors that could cause our actual results to differ materially from those described in our forward-looking statements include, but are not limited to, the impact of ongoing or new developments in the war in Ukraine, related current and future sanctions imposed by governments and other authorities, and related impacts on our business, growth, reputation, prospects, financial condition, operating results (including components of our financial results), cash flows and liquidity; uncertainty about the effectiveness of efforts by health officials and governments to control the spread of COVID-19 and inoculate and treat populations impacted by COVID-19; uncertainty about the reimplementation or lessening of restrictions imposed by governments intended to mitigate the spread of COVID-19 and the magnitude, duration, geographic reach and impact on the global economy of COVID-19; the ongoing, and uncertain future, impact of the COVID-19 pandemic on our business, growth, reputation, prospects, financial condition, operating results (including components of our financial results), cash flows and liquidity; risks from operating globally including in emerging markets; changes in currency exchange rates, controls and restrictions; volatility of commodity and other inputs; availability of commodities; weather and economic conditions; weakness in consumer spending; pricing actions; tax rate changes including the impact of tax laws and rates, disagreements with taxing authorities and imposition of new taxes; use of information technology and third party service providers; unanticipated disruptions to our business, such as malware incidents, cyberattacks or other security breaches, and our compliance with privacy and data security laws; global or regional health pandemics or epidemics, including COVID-19; competition and our response to channel shifts and pricing and other competitive pressures; promotion and protection of our reputation and brand image; changes in consumer preferences and demand and our ability to innovate and differentiate our products; the restructuring program and our other transformation initiatives not yielding the anticipated benefits; changes in the assumptions on which the restructuring program is based; management of our workforce and shifts in labor availability; consolidation of retail customers and competition with retailer and other economy brands; changes in our relationships with customers, suppliers or distributors; compliance with legal, regulatory, tax and benefit laws and related changes, claims or actions; changes in the climate change on our supply chain and operations; strategic transactions; significant changes in valuation factors that may adversely affect our impairment testing of goodwill and intangible assets; perceived or actual product quality issues or product recalls; failure to maintain effective internal control over financial reporting or disclosure controls and procedures; volatility of or access to capital markets; the effectiveness of our capital management programs and our liquidity; pension costs; the expected discontinuance of London Interbank Offered Rates and transition to any other interest rate benchmark; and our ability to protect our intellectual property and intangible assets. There may be other factors not presently known to us or which we currently consider to be immaterial that could cause our actual results to differ materially from those projected in any forward-looking statements we make. We disclaim and do not undertake any obligation to update or revise this forward-looking statement in this presentation except as required by applicable law or regulation. In the historical, current and forward-looking sustainability-related statements may be based on standards for measuring progress that are still developing, internal controls and processes that continue to evolve, and assumptions that are subject to change in the future. The information included in, and any issues identified as material for purposes of, this document may not be considered material for SEC reporting purposes. In the context of this disclosure, the term “material” is distinct from, and should not be confused with, such term as defined for SEC reporting purposes.

NON-GAAP FINANCIAL MEASURES

All results shared with this presentation are non-GAAP unless noted as “reported,” “net revenue,” “net revenues” or when reporting absolute revenue numbers, in which case we are referring to our results on a GAAP basis. Please see GAAP to non-GAAP reconciliations at the end of this presentation for comparable GAAP measures.
