Change of Control:	Upon the occurrence of both (i) a change of control of the Company and (ii) a downgrade of the notes below an investment grade rating by each of Moody’s Investors Service, Inc. (“Moody’s”) and Standard & Poor’s Ratings Services (“S&P”) within a specified period, the Company will be required to make an offer to purchase the notes at a price equal to 101% of the aggregate principal amount of such notes, plus accrued and unpaid interest to the date of repurchase.

Optional Redemption:

Prior to January 7, 2025 (the date that is two months prior to the scheduled maturity date for the notes) (the “Par Call Date”), we may, at our option, redeem the notes, in whole at any time or in part from time to time (in C\$1,000 increments, provided that any remaining principal amount thereof shall be at least the minimum authorized denomination thereof), at a redemption price equal to the greater of (i) 100% of the principal amount of the notes to be redeemed and (ii) the Canada Yield Price (as defined below), plus, in either case, accrued and unpaid interest, if any, thereon to, but excluding, the redemption date.

On or after the Par Call Date, we may, at our option, redeem the notes, in whole at any time or in part from time to time (in C\$1,000 increments, provided that any remaining principal amount thereof shall be at least the minimum authorized denomination thereof) at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest, if any, thereon to, but excluding, the redemption date.

“Canada Yield Price” means, in respect of any notes being redeemed, the price, in respect of the principal amount of the notes, calculated by the Company as of the third business day prior to the redemption date of such notes, equal to the sum of the present values of the Remaining Scheduled Payments of interest (not including any portion of the payments of interest accrued as of the date of redemption) and principal on the notes to be redeemed from the redemption date to the Par Call Date using a discount rate equal to the Government of Canada Yield on such business day plus 30 basis points.

“Government of Canada Yield” means, on any date, the bid-side yield to maturity on such date as determined by the arithmetic average (rounded to three decimal places) of the yields quoted at 10:00 a.m. (Toronto time) by any two investment dealers in Canada selected by us, assuming semi-annual compounding and calculated in accordance with generally accepted financial practice, which a non-callable Government of Canada bond maturing on the Par Call Date would carry if issued in CAD in Canada at 100% of its principal amount on such date with a term to maturity that most closely approximates the remaining term to the Par Call Date.

“Remaining Scheduled Payments” means, with respect to each note to be redeemed, the remaining scheduled payments of principal of and interest on each note that would be due after the related redemption date if the note were redeemed on the Par Call Date. If that redemption date is not an interest payment date with respect to a note, the amount of the next succeeding scheduled interest payment on each note will be reduced by the amount of interest accrued on such note to, but excluding, the redemption date.

Form of Distribution in Canada:	The distribution of the Notes is being made on a private placement basis to purchasers in each of the provinces of Canada (the “Offering Jurisdictions”) under a Canadian offering memorandum dated March 5, 2018 (the “Canadian Offering Memorandum”), which will include the prospectus dated March 2, 2017, as supplemented by a prospectus supplement dated March 5, 2018 that form part of the registration statement filed with the U.S. Securities and Exchange Commission. The distribution will be made in reliance on statutory exemptions from the prospectus requirements of Canadian securities laws applicable in each of the Offering Jurisdictions and, in particular, the Notes will only be sold in the Offering Jurisdictions pursuant to the “accredited investor exemption” (as defined in National Instrument 45-106 — <i>Prospectus Exemptions</i> (“NI 45-106”)) to purchasers that are “accredited investors” (as such term is defined in NI 45-106) or Section 73.3 of the <i>Securities Act</i> (Ontario), as applicable) who purchase the Notes as principal (or are deemed to be purchasing as principal) and that are also “permitted clients” (as such term is defined in National Instrument 31-103 — <i>Registration Requirements, Exemptions and Ongoing Registrant Obligations</i> ).
Resale Restrictions:	Resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable Canadian securities laws, which may vary depending on the province. The Company is not a reporting issuer in any province or territory of Canada. Unless permitted under applicable Canadian securities laws, holders of the Notes must not trade the Notes before the date that is four months and a day after the later of (i) March 7, 2018 and (ii) the date the Company becomes a reporting issuer in any province or territory of Canada. Prospective purchasers should consult their own independent legal advisors with respect to such restrictions. The Notes are a new issue of securities for which no established trading market exists. If an active trading market does not develop for the Notes, investors may not be able to resell them. The Company currently has no intention of listing the Notes on any exchange or becoming a reporting issuer in Canada in the foreseeable future.
