Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, purchases or sales of securities in the secondary market generally are required to settle within two business days (T+2), unless the parties to any such transaction expressly agree otherwise. Accordingly, purchasers of the Notes who wish to trade the Notes on the date of the Prospectus Supplement dated March 3, 2022, will be required, because the Notes initially will settle within ten business days (T+10) in the United States, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement.
